Subject: Candidate to HEALTHINF 2017 best paper award
Date: Friday, January 20, 2017 5:52:15 AM

Dear Dr. Chris J. Lu,

We would like to inform you that your paper 42 entitled "Generating A Distilled N-Gram Set - Effective Lexical Multiword Building in the SPECIALIST Lexicon" is in a short list of candidates to win the HEALTHINF 2017 best paper award, based on marks provided by the reviewers. Only those papers presented at the conference that also get good marks by the session chairs qualify for the final stage. The awards will be announced at the closing session, on 23 February 17, therefore perhaps you'd like to organize your program in order to attend the closing session, just in case your paper is actually selected as the best.

Kind regards
Vera Coelho
HEALTHINF 2017 Secretariat
